Agricultural, Business and Financial Men To Discuss Grain Question

BRACKEN MAPS BIG MEETING IN WINNIPEG

Marketing Of Exportable
Products Will Be
Discussed

OTTAWA, Nov. 11.—The best agricultural, business and financial knowledge in Canada, and abroad will be mobilized in Winnipeg, Dec. 15-16, for an attack on the problem of marketing exportable agricultural products, Premier John Bracken, of Manitoba, said here Thursday.

An attempt will be made to bring to the attention of all the people of the Dominion the serious problem created by falling world markets and increasing production with consequent low prices, will be discussed.

WHEAT MAIN ITEM

Wheat will be the paramount interest of the conference, but it will deal with all national products for which Canada must seek a market outside the Dominion. Mr. Bracken called the conference one time ago and was in Ottawa to make arrangements for it. He left last night for Washington on the same mission.

NOT FEDERAL MEETING

The conference will not be one of provincial and federal government, but of representatives of all interested classes of citizens mainly drawn from the central and prairie provinces, with capable advisers and experts from other countries, including United States.

"It is very obvious one of three things must happen to save the wheat markets continue the government or must face the consequences of a demoralized agricultural industry in Western Canada with unfavorable reaction throughout the whole of Canada," Mr. Bracken said.

The Bureau was a society of Chinese owners to exterminate all foreigners.

LAST FRIDAY'S QUESTION

Question 52. The bidding has proceeded:

East	South	West	North
1 diamond	4 spades	Pas	3 spades
Pas	4 spades (final bid)		

You are East. West opens the diamond jack. Your hand and dummy are:

DUMMY	EAST
♠ 7 6 5 4 3 2	♠ A K Q J 10 9 8 7 6 5 4 3 2
♥ A K Q J 10 9 8 7 6 5 4 3 2	♥ A K Q J 10 9 8 7 6 5 4 3 2
♦ A K Q J 10 9 8 7 6 5 4 3 2	♦ A K Q J 10 9 8 7 6 5 4 3 2
♣ A K Q J 10 9 8 7 6 5 4 3 2	♣ A K Q J 10 9 8 7 6 5 4 3 2

You play the diamond ace and declarer trump the king. What is your next play and why? (Short explanation will suffice.)

Answer: You should return the seven of hearts. Your own chance of defeating the contract is small. The heart queen will either trump or be heart queen. West will lead the heart queen. If he leads the heart queen, you will win the trick with your king. If he leads the heart queen, you will win the trick with your king. If he leads the heart queen, you will win the trick with your king.

TODAY'S QUESTION

Question 51. At rubber bridge, you are West, declarer at a three no trump contract. Opponents make no bid. What leads the dummy? You hand and dummy are:

WEST (Declarer)	EAST
♠ A K Q J 10 9 8 7 6 5 4 3 2	♠ A K Q J 10 9 8 7 6 5 4 3 2
♥ A K Q J 10 9 8 7 6 5 4 3 2	♥ A K Q J 10 9 8 7 6 5 4 3 2
♦ A K Q J 10 9 8 7 6 5 4 3 2	♦ A K Q J 10 9 8 7 6 5 4 3 2
♣ A K Q J 10 9 8 7 6 5 4 3 2	♣ A K Q J 10 9 8 7 6 5 4 3 2

What card do you lead from dummy after winning with the spade ace? Give short reason for your play.

TODAY'S HAND

East dealer. North declarer. Match-point duplicate.

NORTH	EAST
♠ A K Q J 10 9 8 7 6 5 4 3 2	♠ A K Q J 10 9 8 7 6 5 4 3 2
♥ A K Q J 10 9 8 7 6 5 4 3 2	♥ A K Q J 10 9 8 7 6 5 4 3 2
♦ A K Q J 10 9 8 7 6 5 4 3 2	♦ A K Q J 10 9 8 7 6 5 4 3 2
♣ A K Q J 10 9 8 7 6 5 4 3 2	♣ A K Q J 10 9 8 7 6 5 4 3 2

The bidding:

North	South	West	North
1 heart	1 spade	2 hearts	2 spades
3 hearts	4 hearts	Pass	Pass
Double	Pas	Pas	Pas

East's three spade bid was of course a mistake. It is the object of this quiz to take the opposite side of a game and see how well you can do. The game is in a very difficult position. Despite the vulnerability, declarer should have tried to "have" against the slam, figuring that he and partner could afford to go down three tricks (900 points) as against the 800 points this would accrue to East-West for a full slam.

When it came to the play, East overestimated fully that the contract would have to be defeated low.

Casualty

A real casualty of the make-believe "war" broadcast by the Mercury Theatre of the Air was Canadian Captain, above, W.P. Aitken. Hearing from his radio an announcement of "smoke in Toronto," he started to rush downtown. He fell, suffering the broken arm and bruised knee shown in the photo.

ROYAL VISIT PLANNED FOR MIDDLE MAY

H.M.S. Repulse Will Convey
King and Queen
To Canada

LONDON, Nov. 11.—The King and Queen will travel in H.M.S. Repulse, one of Great Britain's largest battle cruisers, when they go to Canada next year, it was announced here from Buckingham palace last night.

The Repulse will be escorted by "two of His Majesty's ships of the second cruiser squadron" the official announcement added.

The exact date of the trip has not yet been fixed, the announcement said, but that Majesties are expected to reach Canada "about the middle of May."

CANADIANS KNOW HOW

The Repulse is well known to Canadians. She visited Victoria and Vancouver in June and July 1924 and Halifax and Quebec in August and September, 1924, during an Empire cruise.

The Prince of Wales travelled in the battle cruiser to South Africa and South America in 1925.

RETURN AFTER U.S. VISIT

The Repulse at present is being refitted at Portsmouth for service with the home fleet. She underwent an extensive overhaul from 1932 to 1936, costing £1,000,000 (\$7,000,000). Earlier a minor overhaul and modernization had been carried out. The ship will travel overland from Canada to Washington for the United States visit and that they would return to Canada before leaving the home fleet.

Mr. Justice W. B. Howes of the Alberta Supreme Court

Dr. Tolmie is being sued by Dr. T. R. Ross and Dr. S. S. Brown, of Drumheller, who also seek \$10,000 damages from officers of Drumheller district local union of the United Mine Workers of America. The dispute concerns medical services agreements. Dr. Ross and Brown claim they have a valid contract for medical services with the union members. They argue it was unlawfully terminated by union officers who entered into a new agreement with Dr. Tolmie last summer.

Good Times For You
If You Read Palmes

What fascinating tales palmists tell and how to make your own palm to your friends if you know how to read it. Begin with your own palm. It is the hand line longer in the right and hand line in the left. It is a compensation! The left hand shows the qualities you were born with, the right hand shows you have done with them—and the long hand line in the right hand says you've done it.

And the right line. Does it run across the entire palm in your right hand—is it short in the right one? You've acquired a two attention—care, jealous nature.

Or is it richer you want? A long fourth finger says you'll make money easily. A star below the first finger says you'll have a power.

The other lines and stars in your palm! Each one has a meaning which our 32-page booklet explains. Plan to learn more.

Send life in color for your copy of "Secrets of Palmistry" to the Edmonton Bulletin, Home Service, Edmonton, Alberta. Be sure to write clearly your name, address, and the name of your book.

WEDDING LAW OF FASCISTS IS PROTESTED

Reversed

Vatican Registers Complaint Against Italy's Marriage Restriction

ROME, Nov. 11.—A Vatican news service said last night the Holy See would protest a marriage restriction decreed by the Italian cabinet to further the new Fascist policy of Aryanism.

The service said the restriction would be protested as "a violation of the Concordat" between the Holy See and the Italian government.

The Vatican objected, this source said, to article 1 of the new law which forbade marriages between Italian citizens of the Aryan race with a person belonging to another race. The law says a marriage is null and void if this prohibition is null.

CHURCH'S RIGHTS AFFECTED

At the time the Fascist Grand Council adopted the marriage law, the Vatican expressed concern because the measure forbade by its policy appeared to them to conflict with the church's right to perform marriages.

Fascists have insisted the government's racial policy is purely political and not religious. Italian sources said the decree appeared to violate the Concordat and that the Italian government was making an effort to avert it.

Thursday's decree law restricted marriages and property inheritance of Italy's 8,745,000 Jews, aside from the marriage prohibition.

NEW RACE HARD

The property restrictions were expected particularly to affect holdings of insurance companies with which Jews have been prominently associated. The decree prohibits Jewish ownership of urban buildings of considerable value.

It is estimated that 20,000 Jews (\$1,000).

Jews and other non-Aryans were not only forbidden to marry Aryan Italians but in cases where children of Jewish fathers are registered as Christians they may be taken away from parental control if the father is not a practicing Jew.

Hebrew faith or in anti-Fascism.

No Change Is Made Freight Boat Charge

WINNIPEG, Nov. 10.—Canadian Bureau of Grain Commission will make no change in the maximum lake rate of freight for a bushel for carrying wheat from the lakehead to St. Lawrence ports.

Commissioner P. A. Macdonald said Thursday.

Shippers and exporters have made representations to the board asking for a free and open market for freight.

Strike Assault Cases Settled

TWO ALBERTA NIMRODS HAVE HAZARDOUS TRIP

ALBANY, Nov. 11.—Hans Hanson and Frank Jeannot were back home in Olds Thursday after a hazardous journey expedition at Newell Lake, near Brooks, Alta. Caught in a lake storm, Hanson was stranded on an island for 19 hours while Jeannot, out on the lake in a small boat, sought aid for his stranded companion.

Alone in the boat, Jeannot was caught in the full blast of the storm, waves six feet high pounding his frail craft. After an unsuccessful battle with the elements, he made shore. After a tramp of seven miles he obtained the aid of a boatman.

Returning to the boat it was another long battle before the island was reached, where Hanson was marooned without food or shelter. On their journey back to shore, the two men were forced to wade through ice to reach shore, a fight against giant waves which lashed the boat. It was midnight, Hanson had been stranded since 9 a.m.

WINNIPEG, Nov. 11.—Appointment of John E. Cole, Winnipeg, as Manitoba organizer for the National Unity Party of Canada was announced yesterday at party headquarters in Winnipeg. The appointment was made by Adrien Arsenault, national leader, and J. C. Farr, Canada organizer.

Mr. Cole's appointment is a standing obligation and still left them with an operating surplus.

John Hembry, of the school staff, Brad Allan, and John L. Leiber, Allan Fairbairn, of the Beatty Hardware, and S. R. Stole, of the Beatty Hardware, were in charge of arrangements for the carnival.

W. B. MacGillivray, R. G. Demin, and L. D. Taylor, moved to the Howard Hotel, explaining the reason.

Maroons Fade From Puck Picture But Famous "3-S" Line Lingers On

THERE are few hockey fans who don't recall the famous "Three-S" line of Montreal Maroons, not so many years ago. That dynasty was part and parcel of hockey lore.

Next to R. J. Smith, the late St. Louis Blues forward, the late St. Louis Blues forward, the late St. Louis Blues forward.

And the players have had their own vicissitudes. Smith and Stewart, right-winger and center with the "Three-S" line, are together in the lineup of New York Americans in Detroit.

These have been many changes since the "Three-S" line of 1935-36. The line has been broken up many times.

Humans Have Mechanism For Virgin Birth Experts Discover In Negro Woman

PHILADELPHIA, Nov. 11.—First scientific evidence that human beings have the mechanism of a form of virgin birth known as parthenogenesis was reported to the Philadelphia Therapeutic Society here Thursday night.

The human experiment happened in July this year at the Buchanan Hospital Research Institute, Philadelphia. There, a steady artificial stimulation of an ovum was continued for three months.

Stanley P. Reisman, M.D., and Bernard Miller of the Institute took it to their laboratory. In their report last night they showed the human "egg" not only had not been fertilized but had been freshly produced.

The ovum "egg" had a chromosome count of 46, the same as the human ovum. This was a surprise, as the ovum within could be clearly seen under a microscope.

Capital Should Work With Labor Asserts Beatty

TORONTO, Nov. 11.—Capital has a responsibility to try to cooperate with labor to operate factories as efficiently and economically as possible, Sir Edward Beatty told the 21st annual conference of the United Farmers of Canada here last night.

"If that is to be done by giving labor less than its fair share of the product, it is a failure," he asserted.

Beatty, president of the Canadian Farmers' Union, was speaking at the annual convention of the United Farmers of Canada here last night.

10,000 Fishermen**

BOSTON, Nov. 11.—The areas devastated by the November hurricane along the New England coast and the Rhode Island coastline that all or most of the 10,000 fishermen dependent on the movement of conservation have been destroyed. That fishermen and their families numbering 10,000 are in need of assistance.

Fishing boats and

ded to pieces and small gear were damaged further use in most of the mainline. Dean said the last Red Cross, an official financial aid.

"The need for more acute," the commission said.

"With boats and gear means of livelihood of the most hard hit," he said.

"Unless help is extended might will be serious."

"Another thing laid to waste is the small scale fishery. The season is a few weeks ago, and a lot of the gear was lost last year is being replaced on the Cape south shore, the beds being Waquoit Bay and along Dennis

Scientists have attributed declining scallop crops to years to the disappearance of grass, which formerly "set" or seed scallops by putting out the long, thin, ear-like siphons into the water, making it difficult for men to find the scallops. Scallop decline in numbers over the last decade as they have lost the cultivation of them, and are now almost extinct, will become profitable.

Cotuit and Chatham are examples, are now all but dead, where, usually in Long Island, and brought to the planting in the spring. The oyster crop is about the same as last—about 15,000. It is also fetching about as last year's prices—
